- Training session space is limited. If all three scheduled sessions fill up, additional sessions will be scheduled.

- **An update notification will be sent to subscribers of this website on March 12th when Bid Express sign-up opens. [Please subscribe to this website for email notifications when new content has been added](#)**

Keep Alaska Moving through service and infrastructure

Jobs with Contractors

Alaska DOT&PF Post-Award Conferences

- An Initiative to Increase Rural Employment and Economic Opportunities on Airport and Highway Projects

How it works:

1. Successful Contractor holds conference in the community where the construction project (airport or highway) will take place;
2. Local workers learn what jobs will be available for the construction project, connect with staff regarding training opportunities and requirements;
3. Local workers attend trainings prior to the construction season beginning.
Some Contractors also have apprenticeship programs directly under contract with their companies or unions.

For more information, contact the DOT&PF's Civil Rights Office:

Airport Maintenance jobs

Airport M&O Contracts and Training

- An Initiative to Increase Rural Employment at Remote Communities

How it Works:

1. Tribes, Corporations, Cities, or Individuals contract with DOT&PF for 1 year M&O work agreements for local airport;
2. Duties include: snow plowing, runway inspection, brush clearing, minimal grading, and equipment checks.
3. DOT&PF provides hands-on equipment training and business assistance completing Request for Proposals;
4. Contracts can be extended each year for a total of 5 years of work;
5. Continued equipment training and job support are provided by DOT&PF
